Austria's Salt Monopoly.

The Austrian monopoly on salt ruined all the salt industries for a period of 146 years. There are no data up to the time of the partitioning of Poland, but it can safely be said that the salt mines of Galicia supplied about 100,000 tons of salt yearly, Wielieczka about 24,000 tons and Bochnia 17,000 tons. There were no other salt mines in Poland in the year 1772.—Baltimore American.

Agents for the sale of stock are again active in this county, and we warn our readers before buying stock to advise with your local banker. There is much worthless stock on the market, and good things don't usually go begging. You can save trouble by investigation.

Mr. John B. Cunningham, Field Secretary for the Legislative Commissioner for the blind has just completed a census of the blind of Appomattox county and reports seventeen blind. Watts constitute the Legislative Commission and will report a plan for better care of the education and vocational training of the blind of our state at the next session of the General Assembly.

Paulette & Co, report the average received for tobacco on the Pamplin market for February as being $11 53, and that at Appomattox as $9.06 We will gladly print the average for March for both markets which is now out if those interested will furnish same. This substantial gain in price and pounds over the Appomattox market is of especial interest to growers in this section, and the question is now passed up to the dealers here to explain if they can. The average paid by Pamplin on over 500,000 pounds in February leads the dark market of the State we are told, with the exception of Bedford where the crop was not so badly damaged.

Rev. L. L. Banks filled the pulpit at Memorial Sunday and preached a fine sermon from Second John to an appreciative audience.

Farmers will make money this year by dressing up the farm, his buildings and himself and let tobacco alone. Our reason for saying so is there is scrry tobacco enough now on hand to supply the present generation and no farmer can afford to grow it without a living price for lugs also.

Let the boys of the county organize ball teams and have a game on the grounds here every Saturday. What say you boys? The glad hand is always extended you to come to town. Our business men and the school here will do well to keep up the ball field here for the benefit of all county teams.

Mr. O. S. Burnett, electric maintainer for railroad here has been notified to vacate his job for an older man in the service. Our people will regret to lose Mr. Burnett and his interesting little family He is not only a faithful employe but a splendid citizen as well, and no corporation can afford to give up men who serve faithfully and at the same time win the applause of the public. Our town and the railroad need such men, and it is hope that he will stay here.

Jud Tunkins.

Jud Tunkins says some of the people who founded free libraries could have made a much bigger hit with the populace by founding free motion picture exhibitions.

Mr. and Mrs. Flood in California

Four people figuring prominently in the public eye, having been recent guests at the Hotel St Francis. Seldom, could four such notables be found under one roof. Thomas Fortune Ryan, one of the "Big Five" in the financial market of the United States, accompanied by Mrs Ryan and their Suite, including a chef, arrived at the St Francis on Sunday afternoon, with Mr. and Mrs Henry D. Flood of Washington, as their guests. Mr. Flood, who attended the last session of Congress, as United States Representative from Virginia, is a prominent figure in the Capital city His name will go down in history, as the statesman who introduced in Congress the measure declaring War against Germany and Austria, when he realized Woodrow Wilson faced the great moment that must make the United States one of the Allies The other two members of the remarkable quartette are Douglass Fairbanks, a familiar figure on both sides of the water, and one of the "big four" of the Movie Act or millionaries, who reached the St Francis on Sunday evening with Mrs Fairbanks, our famous Mary Pickford, the children's best-loved actress. On an evening following the Fairbanks arrival, a party of handsomely gowned women gathered in the lobby, laden with flowers, awaiting the return of the Sweetheart of America, from the theatre

The county paper tells news.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

Lumber is Down

Yes, Lumber Is Down—Down to where a farmer can afford to build anything that can be made of lumber even in the face of a low market on farm products.

Lumber Was The Last Great Commodity To Go Up and the first to come down. Today lumber prices are down to where it is hard to see how they can go any lower when costs are considered.

You Farmers Have Reason To Be Disappointed In the returns from last year's crops, but with lumber selling on the present basis we don't believe you can afford not to do whatever building or repairing may be necessary before Spring work commences.

Whether It's a Barn, or a Shed, or Just Some boards for fixing up around the place, the facts about lumber will appeal to any man or woman who believes in thrift and knows values.
